Influences; Angus Young, Wilko Johnson, Gary Moore, John5, Red Hot Chili Peppers, Rammstein, System Of A Down, Marilyn Manson, Muse, Incubus.

Musical History; I have been playing in bands for the last 30 years. Playing in original and covers bands. I have been fortunate that two of my bands have recorded videos at the BBC. I have been both a guitarist and bassist over the years, finding my way back onto lead guitar for 'Hump De Bump'. Other bands I have been in are: The Jolly Roger Blues Band, Ragin' Thirst, The Fiasco Brothers, Fuse, The Brethren, Blue Murder plus session work with The Beatless, Stan Terry and Laura Thompson. I have been a professional guitar teacher for the last 15 years.

Likes; Playing live, racing my Ducati 749s, drinking real ale and wine, watching a film for a pound, making 'cigar box guitars' and generally just 'funkin' about.

Dislikes; Wasps, sprouts, getting punctures, my favourite beer running out and gardening.

Aspirations; To make 'Hump De Bump' into hard working, playing, memorable live band. Plus World Domination sounds a good laugh!

Name; WILL.

DOB; I was born at a very early age when I was still quite young.

Place of birth; Worcester.

Instrument; Bass.

Equipment; Fender Precision Bass (1975, sunburst), Fender 5 string Precision Bass (2004, antique burst) Peavey Mk3 7 band Graphic 150W Amplifier, Peavey 4 x 10 300W Speaker Cabinet, Rotosound strings.

Influences; In no particular order; Phil Lynott, Jack Bruce, Geezer Butler, Jimi Hendrix, John Entwistle, Billy Sheehan, Flea, Eric Clapton, John Lord, JJ Burnel, Jaco Pastorius, Billy Williams, Stanley Clarke, Glenn Hughes, John Bonham, Doug Pinnick plus many, many more (Mani, Gary Moore).

Musical History; Been in loads of local bands for more than the last 30 years. All enjoyed varying degrees of success, never really a duff one. Key to a decent band is obviously always the players themselves. Fortunately for me, I've always been in bands with good players. Met some really, really great talented people over the years; too numerous to mention. It wouldn't be fair to name anyone in particular because that would mean I'd have to leave the others out.

Likes; Noisy gigs, a good laugh, warm weather and things that go to plan. Good beer, strong lager, the odd drop of vino, just booze really! Chinese curry and chips (usually after a drink). Car passing the MOT. Worcester City FC winning. Faith and Zak and Sara. The Guitar Cavern. Santana.

Dislikes; Unpleasant surprises, cold wet weather, no booze and no money. Car failing MOT. Fashionably ignorant people. Buying Bog Roll.

Aspirations; To do more gigs with Hump De Bump. To improve my life by bringing love and peace to the world.

Musical History; Been in many great bands from about 1976, mainly rock and blues, and a lot of cover bands. I've had the privilege of playing with some great musicians over the years, namely Keith Baker (Supertramp), Phil Capaldi (the late Jim's brother) and Rob Parrot but to name a few. I enjoyed about 10 years singing as Barry Cuda with Barry Cuda and the Sharks, with a few jokes thrown in along the way, (including the famous leopard skin thong!)

Likes; Playing live with Hump De Bump, Les Paul Guitars, Vox Amps, Restoring Old Motorbikes, My Job, Good Wine and Beer, Good Food, Tracey Josh & Ellie.

Dislikes; Running out of wine, Car failing MOT, People 'blowing off' in a confined space, Packing up the kit after a gig, Parsnips, Turnips and Small Rubber Things.

Aspirations; To do real funky foot stompin' gigs with Hump De Bump, Try to loose a bit of flab, Get Fitter, To win the lottery and give it all to charity.....!!!! Oh yeh!.... and save the world.
